Murray Bridge Lawn Tennis Association receives \$18,000 grant

The Murray Bridge Lawn Tennis Association are happy recipients of a State Government Grant to improve facilities at the Sturt Reserve courts following a lengthy process.

The Murray Bridge Lawn Tennis Association has received a much needed \$18,000 from the Office of Recreation and Sport to build a shelter to protect participants from weather including providing shade on hot summer days.

“The Murray Bridge Lawn Tennis Association is a great club with over 265 members of all ages and are well deserved recipients of this grant,” Member for Hammond Adrian Pederick said.

The Member for Hammond who supported and assisted the application is thrilled for the club.

“It is fantastic to see such a strong local club successful in their application,” Mr Pederick said.

“The Murray Bridge Lawn Tennis Association has a thriving junior competition and promotes an active life for children in the Murraylands and I was pleased to be involved.

“I urge any clubs in the Hammond Electorate who are looking for support to apply and feel free to contact the Hammond Electorate Office for assistance.”
