Murray Bridge to Adelaide bus service back in action

Residents of Murray Bridge and surrounding areas will be pleased to hear, the direct bus route from Murray Bridge to Adelaide will re-commence on Monday 27th July.

Member for Hammond Adrian Pederick is certain many residents in the area will be delighted to hear the news.

“This is fantastic news for regional residents – it is something I have been pursuing the Government on for quite some time now,” said Mr Pederick.

“As the local Member I am always looking for better transport outcomes for the region.

“I appreciate that Link SA have put the direct bus service from Murray Bridge to Adelaide back on the timetable.

“Residents can expect to see the bus service departing Murray Bridge once in the morning and afternoon, along with departing once from Adelaide in the morning and afternoon, Monday to Friday.

“Another outcome from the newly announced timetable is that it offers a service to Monarto Zoo, stopping at the Zoo’s Kiosk.

“I am exceptionally pleased that my direct lobbying with the Minister has achieved this outcome.

“This service has been hard fought for and I urge constituents to utilise the direct service to ensure its continuation in the future.”
