## End of season for juniors

The coaching sessions for juniors of the Lameroo Lawn Tennis Club came to a close on Saturday morning, March 9.

Local MP Adrian Pederick attended and on behalf of the Office for Sport and Recreation, was pleased to see how the equipment purchased with the \$1500 grant money was being used.

These funds, as well as financial support of \$500, from the Southern Mallee District Council, enabled the club to hire a professional coach, purchase four modified nets and several dozen modified low compression balls specifically designed to assist juniors to succeed and enjoy learning the skills of the game.

Without these funds the program would not have been possible.

Professional tennis coach, John Pick from the Riverland, said he was pleased with the progress made and congratulated the club in supporting the junior program.

A small thank you gift was presented to John and to Paula Zerk who supported the youngest group on a weekly basis between John's visits.

Thank you to all club members who gave up their time to support the program on Saturday mornings.

The juniors were treated to a drink and lolly scramble at the end of the final session.

The club hopes to run a similar program next season.
