### **Pederick cuts the tape at Pinnaroo Primary School**

Pinnaroo Primary School's continuing project to upgrade and rejuvenate its facilities passed another milestone last Friday when the new car park was officially opened.

Local MP Member for Hammond Adrian Pederick was on hand to 'cut the ribbon' and officially open the new car park. With its one-way traffic flow and safety-conscious design, the car park fits well with current standards.

Mr Pederick also drew attention to other recent improvements around the school, which first opened in 1906, including new signage, new ramps and a disabled toilet in keeping with current requirements.

Mr Pederick paid tribute to the foresight of the school's Governing Council and the community spirit and generous donations that have played a major part in the upgrades.

A new swimming pool, two tennis courts and a new gymnasium are slated for construction in the near future.

All improvements will be of benefit to both students and staff and the school is justifiably proud of their progress to date.
