

FIRE MANAGEMENT PLANS

24 March 2009

In reply to **Mr PEDERICK (Hammond)** (2 July 2008) (Estimates Committee B).

Mr PEDERICK: My question refers to Budget Paper 4, Volume 3, page 11.13. Which are the five fire management plans nearing completion?

The Hon. G.E. GAGO: I have been advised that we do not have that level of detail with us today, so I am happy to take that on notice and bring back a response.

The Hon. J.W. WEATHERILL (Cheltenham—Minister for Environment and Conservation, Minister for Early Childhood Development, Minister for Aboriginal Affairs and Reconciliation, Minister Assisting the Premier in Cabinet Business and Public Sector Management): I am advised that:

1. The five fire management plans being developed by the Department for Environment and Heritage that are nearing completion cover reserves located in the:

- South-Western Fleurieu Peninsula;
- Southern Foothills (Mt Lofty Ranges);
- Hills Face Zone (Mt Lofty Ranges);
- Southern Flinders Ranges (Mt Remarkable); and
- Ngarkat District.
